Date: Wed, Sep 20, 2017 at 4:00 PM

Subject: Devon Highways - Parish & Town Council Conferences 2017 - Save the date!

To:

Hi all

I am pleased to confirm that this year's Parish & Town Council Conference will take place. The provisional dates and venues are;

- Monday 7 November – [Hatherleigh Community Centre](#)
- Friday 10 November – [Willand Village Hall](#)
- Tuesday 14 November – [High Bickington Community Centre](#)
- Wednesday 15 November – Venue in South Devon TBC

Confirmation on the above will be provided as soon as possible.

We have purposefully booked venues which should provide us with sufficient space to hold the discussion sessions in separate rooms to try to address the issues, that we have faced previously, with noise levels/acoustics, etc. We will also arrange the day so that attendees can participate in every discussion session that is held, rather than having to select one or two from those available.

Discussions will take place over the next few weeks about the content of the day. I would therefore like to take this opportunity to invite any suggestions you may have for either the discussion sessions or the presentation time. If you could provide this before the 30 September that would be greatly appreciated.

If you have any other queries about the events please do not hesitate to contact me.

Regards

**Lucy Barrow**  
Highway Services Manager

Dear Sir or Madam

**Examination into the Submission Mid Devon Local Plan Review 2013 - 2033**

I refer to the forthcoming Examination Hearings, scheduled for 26<sup>th</sup> and 27<sup>th</sup> September 2017 on the proposed allocation at Junction 27 of the M5 together with the associated housing allocations at Higher Town, Sampford Peverell (policy SP2) and at Blundell's Road, Tiverton (policy TIV16).

Having reviewed the statements received by participants and on taking legal advice, the Council now believes that it should follow a precautionary approach and commission an independent report to review the major modifications stage of the Sustainability Appraisal (SA). This could then be presented as an addendum to the Sustainability Appraisal. We consider that such a report and potential SA addendum would be beneficial to the examination of these aspects of the Plan.

**The Planning Inspector has therefore postponed the first Examination Hearings due to take place on the 26<sup>th</sup> and 27<sup>th</sup> September at the request of Mid Devon District Council.**

The Hearings will not now take place on these dates. New dates will be set in due course by the Planning Inspector and you will be notified when they are known.

We consider that this work will benefit the examination, aid the Inspector's decision making and give additional assurance to hearing participants and the public that a fair and thorough assessment has been undertaken. An opportunity for public consultation on the findings of this independent assessment will be provided prior to the hearings being reconvened.

The following documents have been made available to view on the Local Plan Review Examination Page:
